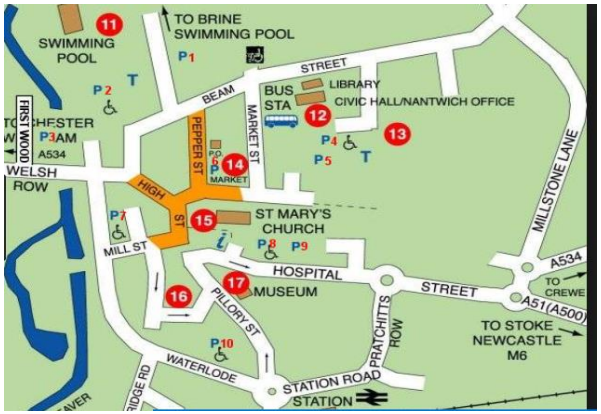
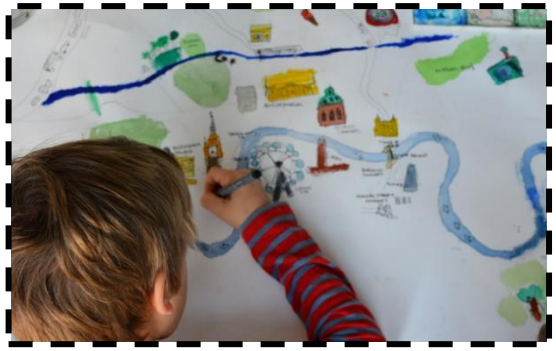
Year 1 Spring Term

Map work



Maps *give us information about places. They tell us where places are and help us to identify where things are located.*

Maps use a **birds-eye-view**, observing places from above.



A **city** *is a large and permanent human settlement. A* **town** *is a human settlement larger than a* **village** *but smaller than a* **city**. *A* **village** *is a clustered human settlement or community, smaller than a* **town**, *with a small population.*

A **compass** *is used to help people find their way or show the position of something. The four main* **compass points** *are:* **North**, **South**, **East** *and* **West**.

Positional and directional language

through	in	past
right	left	
around		

Physical and human features

shop	church	museum
hill	park	farm
field	school	swimming pool
house	road	supermarket
river	street	roundabout
cinema	doctors	traffic lights
hospital	garage	police station
