

Geography:

Create a holiday brochure giving details about one country in South America. Try and include both human and physical landmarks.

English:

Pretend you are trapped on a desert island in the middle of the ocean, create a map so I can learn more about it.
Write a diary entry explaining how you're feeling and what you're planning

French:

Record yourself telling me all about you in French. It would be great if you could add details about what you like to do on the weekend.

RE:

Create a piece of art to depict the traditional creation story that is told in the Bible.

Year 6 Homework

Autumn 1

PE:

Keep a diary where you record at least 30 minutes of physical activity every day for a week.

Maths:

Write at least 6 multi step word problems involving both addition and subtraction.

Science:

Construct a 3D model of the heart and circulatory system using materials like clay, cardboard, or even recycled items to help visualize the components and their functions

RSE:

Complete a random act of kindness. For example, donating to the food bank or offering to help your parents out with a job around the house.

Art:

Create a rainforest in a box, ensuring you can see all the different layers.
